“1. Fixed Assets Register:

- Fixed Assets Register was maintained to report category wise fixed assets as shown in the annual accounts.
- The location of all fixed assets is at factory except a few movable assets used in head office.
- We have recorded the details required according to our judgement. Since the law does not describe the extent of details to be recorded in the Registered of Fixed Assets; therefore the sufficiency of information expected to be available in such a register is left on own judgement. The Companies Rules 1941 as adopted & followed in Bangladesh did not specify any proforma for fixed assets Register.
- In spite of above fact, we assure you that in the next Audit Report, Fixed Assets Register will be supported by a Sub-Register with details, as may be described by the Statutory Auditors.”;
