"........*The factory premises of Bangladesh Dyeing & Finishing Industries Ltd. and Doel Apparels Ltd. are adjacent to each other. They both are using their own premises for their own activities. The question of showing Rental Income in the Audited Financial Statements of the Company does not arise al all as the same is not receiving any rent from any one.*

However, Doel Apparels Ltd. and Bangladesh Knitwear Ltd. sometimes use the vacant/unused floor spaces of Bangladesh Dyeing & Finishing Industries Ltd. just to keep some of their obsolete stocks/stock lots/scrapes and/or stocks ready for immediate use for the time being only. We think, there is no harm using vacant/unused floor spaces of one company by it's another sister company under the same management/sponsors and it is not unusual that without causing any loss on any part, sister concerns under the same management/sponsors or ownership may lend a hand to each other in times of their needs and necessities. We think this type of information is not a Price Sensitive Information as per the Order # SEC/SRMID/2000-985/2248/Pra-02/1 dated 19 December, 2000.

Again regarding the compliance to the Order# SEC/SRMID/2000-985/2248/Pra-02/1 dated 19 December 2000, we would like to draw your kind attention to the fact that no notice of such non-compliance was served on us by you. Thus we think that no compliance happened earlier.

However, what ever the compliance or non-compliance happened earlier, now, as we said earlier vide our letter BDFIL/SEC/08/09 dated June 28, 2008, would want repeat that in support of our earlier plan of re-organizing and re-structuring of our company as we have already communicated to you, we have engaged an expert consulting firm named 'M/S S.F Ahmed & Co.' Chartered Accountants. M/S S.F Ahmed & Co. has already started assessing our assets and liabilities along with some other works. We will go for action after duly considering the suggestions and directions as the aforesaid company would provides us after the completion of their required works.

In the circumstances, if no explanation of ours is considered acceptable to you, and you only go for penalizing us, it may disappoint us resulting in interruption of our work, endeavor, and planning of re-organizing and restructuring of the company towards resuming the business again.

*In fine, we would like to say that you are well aware of the reasons of our collapse in the year 2002. Now we are giving utmost effort to revive our business. our reputation, our goodwill in the share market, and above all to uphold the interest of the honorable shareholders. We therefore, appeal to you to please extend your all sort of co-operation, help and advices so that we can be able to make the company operative in full swing as it was in the year of 2001 and thus can fulfill the desire of our honorable share holders and all other stakeholders to whom we were committed, devoted and faithful.****"***
